Wrapping Up The IHP Analog Certificate Course 2025 (Trial)

Phillip Ferreira Baade–Pedersen (Design Engineer)

Dr. Ing. Christian Wittke (Scientist)

Frankfurt (Oder), IHP - 21/05/2025

Projects: BMBF   -> FMD-QNC (16ME0831)

Agenda For today

09:00 – 10:00 |Layout Competition Verdict
We will find the final winner of the layout competition and award the prize

10:00 – 11:30| Reflecting on The Whole Week
Evaluation of the course, what to improve and what to remove ☺
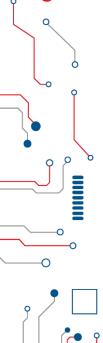

11:30 – 12:00 | Final Words
Saying proper goodbye and organizing lunch etc..

13:00 - 16:00 | Misc
For those who didn't leave already you can still use the setup as you wish
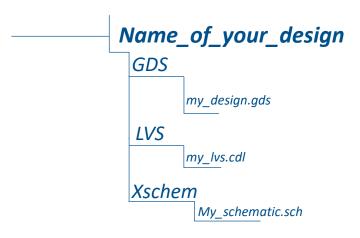

Where To Put Your Design?

Navigate to the following joint folder: */home/public/Analog_Course_2025/layout_competition*

From here generate a folder With following structure:

- **Name_of_your_design**
  - *GDS*
    - *my_design.gds*
  - *LVS*
    - *my_lvs.cdl*
  - *Xschem*
    - *My_schematic.sch*

Don't Hesitate to upload no matter how far you got... you might win ☺

Let's Vote

Course Evaluation

Questions To Answer:

- **Were you challenged in this course:** both in good and bad ways, was it too hard?

- **Enough content:** Was there too much, and how was the quality?

- **How was the structure:** Do you feel that the modules got a bit too superficial or is it nice to come around a lot of different parts?

- **Workload:** Do you feel that the workload was to high, and wanted more demonstration rather than DIY?

- **Changes:** What should we leave out or include for further development? (Designs, flows, simulations etc…)

Thank You!!
Get home safely ☺
